

I live and breath cover design. Its my full time job and what drives my career everyday. If you're ready to get a badass cover, then don't hesitate to reach out. I look forward to hearing from you! - Jake. <https://www.jcalebdesign.com/>

(Editor's Note.)

Jake has done a number of covers for me, and I can't recommend him highly enough. The man is a legend. Not only is his work top notch, but when it comes working with a writer, and capturing the often garbled vision the writer might have in mind, he really gets it. - SJB Gilmour
