

I live in Turkey and I am a lover of fine arts. Especially I adore 9th art, so comics and especially French-Belgium comic art (bande dessinee). Also I adore ancient Roman architecture. I like magnificent movies like English Patient, The Sheltering Sky, Havana, 1900, Out of Africa, Schindler's List, etc. My favorite movie director is Bernardo Bertolucci. I am an ordinary man of great classics in culturel and intellectual.

I am a complete artist for illustrations and comic art. I adore great comics and the artworks of great artists like Jean Giraud, John Buscema, Philippe Francq, Hermann Huppen, Michel Blanc Dumont. You can contact me on [Facebook](#).
